Sandy Rigger is KCRWC's member of the month. She has been back in Northern Kentucky about 10 years after living in Portland, Oregon; Cleveland, Ohio; Los Angeles and many other cities. She moved with her husband who worked for GE. Her husband retired and they returned to Northern Kentucky. Sandy continued working after her husband retired. She worked for DaVita, a company that provides dialysis. Their corporate office is in Torrance, California. She continued her travels while working for DaVita. After Sandy lost her husband, she decided to retire which allowed her to become involved in many community activities.

She is a board member of the Covington Rotary Club and Covington After Hours. She is also active in the Licking River Association, The Point, and involved with feeding the homeless at the shelter and with various churches. Sandy is also active with a book club that meets regularly in her building.

Sandy is very excited about a student exchange program the Covington Rotary Club is involved with in our area. This is only the 2nd year. The students are from Holmes High School.

The first exchange student, Kathleen Well Off Man who is of Native American descent, spent her time in Spain. She had tutoring in Spanish before she left. Kathleen and her mother attended a three-day training session at Otterbein University in Ohio. While in Spain, Kathleen needed to keep up with her schoolwork so she would be able to graduate with her class. This year Brian Benito will be going to Germany. He will be receiving tutoring in German before he leaves. Sandy has been a member of KCRWC for about 7 years.
